Lahnau, November 2018

**Invitation 15th International Symposium „Magneto-resistive Sensors and Magnetic Systems“
19th/20th March 2019 in Wetzlar**

Sensors are a key enabling technology for digitalization. Located at the interface between the analogue and digital worlds, sensors provide the data that is the basis for new business models in the Industrial Internet of Things or within Industry 4.0.

Magnetic sensors play a particularly important role, due to their robustness and flexibility. They can measure movement, orientation, electric current or any kind of magnetic signature and are opening up completely new fields of applications. These new applications are leading to new requirements and a close cooperation between science and industry is becoming ever more important to provide clever solutions.

On 19th and 20th March 2019 the **15th International Symposium „Magneto-resistive Sensors and Magnetic Systems“** will be held at the Stadthalle Wetzlar (Town Hall). This unique event, which takes place every two years, is the ideal forum for all forward-thinking experts in the field of magnetic sensors and magnetic systems. It brings specialists from research institutes and practitioners from a variety of different applications together to inspire the audience with their latest developments and findings.

For more detailed information, please refer to the enclosed programme leaflet. If you wish to attend the symposium, please use the online registration on our website **www.xmr-symposium.com** or return the fax registration form on the rear side of this letter.

We look forward to personally welcoming you to our symposium in Wetzlar! Register now and make sure to get the early booking conditions.

If you are not able to attend the conference, please pass this invitation on to an interested colleague.

Regards,

Sensitec GmbH

Dr. Rolf Slatter
Managing Director (CEO)

I am a member of „AMA Association for Sensors and Measurement“.

Conference dinner in Town Hall on 19th March 2019 (at 7.00 p.m.) including special programme:

Yes, I will attend dinner.

No, I will not attend dinner.

Hotel accommodation:

Please make your own hotel reservation. You will find a list of hotels which provide a limited contingent of rooms in the programme leaflet or under www.xmr-symposium.com.

Organisation:

> **Location:**

Stadthalle (Town Hall) Wetzlar
Kongress- und Kulturzentrum
Brühlsbachstr. 2b
35578 Wetzlar, Germany
www.stadthallewetzlar.de

> **Date:**

19th and 20th March 2019

> **Conference proceedings:**

The conference proceedings are provided on a USB-stick.

> **Fee:**

€ 550 (with early bird discount until 18th Feb. 2019)

€ 620 (after 18th Feb. 2019)

€ 250 (student)

For members of the AMA Association for Sensors + Measurement we give a special discount of 50 €.

All prices are plus 19 % VAT. The fee includes digital conference proceedings (on USB-stick), catering and dinner incl. evening programme. On receipt of your registration a confirmation will be sent to your personal email address. The invoice will be issued separately to the given postal address. Please note that we cannot accept payment by credit card at the event itself. Please ensure that payment is made in advance. A cost-free cancellation of your participation (written form only) is possible until 7 days before the event begins. If you are prevented by any reason then a colleague can take part on your behalf.
